\$485,000

Opportunity knocks in the East Side Historic District of Catskill! This solid brick beauty has been used for years as professional offices, but was originally constructed in the late 1800's as a residential Townhouse, and could be retrofitted to that purpose. The 10 foot ceiling heights and bright big windows bring a brilliant lightness to the interior spaces of the two main floors. Decks in the rear of the building allow for some lovely outdoor living, from the lower level, as well as off street parking. Hardwood floors under existing carpet, curved wooden banisters, arched windows, all ready for this classic buildings' new incarnation! The high efficiency gas boiler is currently propane, but CH Energy has just installed Natural Gas, and the hookup is ready to go. Property location allows waterfront access within a block. Walking distance to all Village of Catskill amenities. Current rents are way below market, and too low to consider in valuation of the property. Building will be delivered empty. Best use is as an office suite, or retrofitted to its original residential use.

MLS ID: 20221087 Status Category: Pending Zone: R3 Year built: 1800 Basement: Full Date added: Added 1 year ago

INTERIOR FEATURES

Flooring: Carpet, Ceramic, Hardwood
