Own your own Mountain Top Retreat!! Come enjoy this spectacular 2015 "Chalet Gem in the Catskill Mountains" on 110 Private, mostly wooded acres just 15 minutes to Windham Mountain. The property shares a 1/2 mile border with the Great Northern Catskill Forest Park of 700,00 acres designated as forever wild. There are unmatched 360 degree breathtaking panoramic mountain and valley views from many portions of the parcel. This is the first time this has been available for sale. The nearest neighbor is one mile away. The home was lovingly hand crafted with the finest materials by this family of master craftsman. There are 3 large bedrooms, 3 full baths, gourmet cherry kitchen, cathedral ceilings, custom cedar and pine woodwork, 6 panel doors, yellow pine and ceramic tile floors. Unobstructed sunrise and sunsets can both be seen in many of the rooms in the home. Amenities include central air, central vac, a 16 kilowatt whole house generator, instant hot water loop for the jacuzzi, large & small decks with 30 mile panoramic views. The wi-fi and cell phone system is excellent. There are extensive raised and fenced garden beds. A 40' x 32' shed/workshop could be converted to a garage or added onto. There is a 50 amp RV hook up with water and a dump station for long term use. This private serene location is just 10 minutes to the Hannaford Supermarket, the Post Office, shops and restaurants in downtown Cairo. It's 18 minutes to the Thruway, 45 minutes to historic Kingston, Albany and The Woodstock Arts Colony. It's a little less to Hudson and Saugerties. This Single Family Residence is located at 99 Bogardus Rd, Acra, NY. 99 Bogardus Rd is within the school district Cairo-Durham Central School District with nearby schools including Cairo/Durham Elementary School, Windham Ashland Central School, and Cairo-Durham High School. The home is self contained and can easily be closed down if vacant for any period of time. The intricate plumbing system was designed to provide instant hot water throughout the 3 floors as well as the ability to drain the entire home in a few minutes. No expense was spared during the construction of this home. Subdivision is possible with 3-4 additional homesites. The taxes are extremely low for a parcel this size as the owner participates in the state land management program to maintain the forest. This includes selective logging (thinning) of the parcel. It was recently done for the first time in about 25 years. There are some meadow on the lower levels as well as headwaters of a stream that runs through the property. No real flood areas are evident. Additional land is available.

MLS ID: 20230638
Status Category: Active
Zone: 01
Survey: 1
Age: 6-10
