Situated in desirable Bovina, this parcel is located on a town maintained road with a great deal of road frontage. Because of that, there are many possibilities to site the home. A brook runs across the lot. The electric is nearby. There are some charming stone walls and some apple trees on the property. Currently the parcel is about 75% wooded, and while there are some majestic old trees, most of the woods are very young growth, making it easier to clear. With some strategic clearing there is a potential for very nice views, and privacy. Close to DEP watershed land
