\$599,000

Classic 19th-century farmhouse and two large barns, surrounded by mature trees and beautiful lawns, lead to 41+ acres of forested land with a pond, stream, walkable trails, and potential building sites. Lovingly cared for by the same family for over 70 years, the 3-bedroom farmhouse includes a wraparound porch for relaxing out front and a screened porch overlooking the lawn, barns, and woods. The spacious barns could be used as workshops, studios, or storage. Or they could revert to housing animals, feed, and equipment. With a combination of cleared acreage and abundant forest, horse owners may find this property particularly attractive. A typical ride would start at the lily pond and continue into the woods up a gradual incline before reaching a level section with stunning views of the Catskills. One or more houses could be built here for the views alone. Or continue to enjoy the farmhouse, which features three bedrooms and two bonus rooms. One of the parlors downstairs could serve as a formal dining room, bedroom, den, or office. Upstairs, another large room could be used as an office, bedroom, den, or playroom. The home includes a generous living room, a mudroom, and a substantial eat-in kitchen with a wood stove. This 41+ acre property could be enjoyed from the start or wholly reimaged. Town of Saugerties water lines run through the property, which should aid any development. This desirable location in West Saugerties is close to the villages of Woodstock, Saugerties, and Palenville, with all of the surrounding Catskills and mid-Hudson Valley to enjoy. The George Washington Bridge is approximately 100 miles to the south.
