\$850

Commercial lease space located in Catskill that has a wide array of different sizes and configurations that begin as little as \$850 a month which includes utilities. Some ideas for the space would be good for a professional, such as an accountant or financial advisor to even space for a yoga studio, art classroom, cooking classes and more. The previous tenant used the space for a daycare facility so the possibilities are endless. Depending on the tenants needs, there is also an option for use of a commercial kitchen. If you are looking for commercial lease space at a reasonable price with utilities included, I recommend that you schedule an appointment to view the space as it is something you need to see in person to appreciate all that it has to offer. Spaces begin at roughly 300 sqft and go up from there.
