Enjoy peace & relaxation on your own private oasis! This Contemporary and rustic colonial is nestled on 6.21 gorgeous acres graced with mature trees, an inground pool, two greenhouses, and a 2-car garage. There are two main structures on the property, a large 5-bedroom home, and a detached carriage house. The main residence has an open living area that marries the Living, Dining, and Kitchen into one huge living area accented by a cozy wood-burning fireplace and cathedral ceiling. The kitchen with an island has a generous breakfast bar with tile backsplash, stainless steel appliances, DCS five burner commercial stove and hood with walls of custom wood cabinets. The first-floor features two bedrooms, a primary suite with a jacuzzi tub, double sink, walk-in tile shower, and a spacious closet. There is also another full bath and another large bedroom on this level. Adjacent to the living room is a lovely heated sunroom with French doors leading out to the back deck that overlooks the heated inground pool. The bedrooms and washer/dryer located on the first floor make for easy living and convenience. The second level boasts 3 additional bedrooms, one having extensive closet space/walk-in and a 10x16 powder room. There are two other bedrooms on this floor with a full bath, lots of storage for games, and comfortable accommodations for the family/guests. The lower level is finished offering your own personal gym & den/playroom, very open and airy with a second means of egress through a bilco door. This home is perched on a hill offering complete privacy yet not remote, you can hear the neighboring stream located at the head of the driveway. The house can accommodate lots of family, guests, and friends, it's flooded with sunlight and has plenty of open space for entertaining and interaction. There is a detached three-bay garage/carriage house with finished and heated space. A whole house generator and full water filtration system were installed ensuring modern conveniences. The rear yard provides two greenhouses that were built within the last two years for year-round cultivation, one is a rectangular structure with a foundation, all closed in and ready for use. The other is a unique round-style structure that can be used for growing, maybe as a Jacuzzi/Sauna escape/spa-type structure or art cottage. The property offers privacy, woods, rock outcropping, and all the sounds of nature, yet also has extensive deer fencing to protect the home's mature landscaping. Just under two hours from NYC, 15 minutes to Kingston, 25 minutes to Saugerties & Woodstock. Other local attractions include restaurants, local breweries, seasonal farmers' markets festivals, apple orchards, vineyards, restaurants, hiking, and so much more.
