

WOODSTOCK

603 Wittenberg Rd #607, Mt Tremper, NY 12457

\$995,000

https://gristmillrealestate.com

An opportunity to own a beloved Woodstock property while realizing an excellent revenue stream! High-profile property at welltrafficked intersection combining retail space with three living units generating multiple income flows - or live on-site and run your own next-door business. Situated on almost an acre in a magical, forested setting on both sides of Little Beaver Kill with mountain views. This sought-after retail space was previously the Mezza Luna Pizzeria, The Wittenberg Store, and most recently Harana Market -- and is becoming available at the end of the November 2023, ready for its next chapter. This 864 sq ft versatile space could be used for a number of purposes with its "Neighborhood Commercial" zoning - market, store, gallery, studio or professional offices just to start! . The retail space features a large commercial kitchen with appliances but could be redesigned depending on its eventual use. Off-street parking adjoins the building. Above the market is an 864 sq ft 2 bedroom/1.5 bath apartment. Just a few steps away is a charming (circa 1934) 1,233 sq ft main house. Off the entrance foyer is a large living room/office with vaulted ceilings (extra closet space) that opens onto a balcony and the easy flowing Beaver Kill Stream. On the other side of the foyer is the kitchen with breakfast bar and cozy light-filled dining area with built-in banquette seating. There's a bedroom and bath open off the kitchen along with a side entrance to a one-car carport. Upstairs is a large bedroom with mountain views and an ensuite bath - the very definition of cozy! Beyond the main house is a 988 sq ft 1 bedroom/1 bath cottage overlooking with a long front porch (that's actually in the back) overlooking the stream. This is an ideal investment for those looking for a mixed-use property in peaceful Woodstock. Do not miss this rare opportunity! Property abuts DEP land. See youTube and Assoc. Docs for charts and videos.
