

**\$950,000**

<https://gristmillrealestate.com>

Keller Williams is pleased to exclusively offer +/- 75.9 acres which has never been on the market. Located off Dug Hill Road, the property is situated at the end of a wooded private driveway. The land offers an opportunity to site a home with South or East facing mountain and valley views including the Shawangunk Ridge. The extent to which this acreage offers privacy, forest, and views is extremely rare and would make for an ideal estate for a family compound as well as a single home site affording absolute seclusion. The land is divided into three lots which are being sold together. They are located approximately six miles from the NYS Thruway, and ten miles to Woodstock. Remote, yet quick access to Hudson Valley's amenities makes this property a rare gem.
