From the moment you drive through the gate you will see that this is a home for all seasons. The parklike grounds welcome you. The beautiful mountain views are visible all year round. 8 Acres to call your own. The house has a definite mid century vibe in some parts. There are some prime examples of the architectural styles of that period. The home is spacious and light filled. The main floor itself contains 2 oversized rooms both of which are located off either side of the kitchen area, complete with hardwood floors. On the other side of the kitchen is a dining area adjoining the large living room. The glass sliders provide easy access to the deck and the inground pool area beyond. You'll appreciate the abundance of closet space throughout the house. Rounding out the main floor is a den which is perfect for a home office - so in demand these days. The second floor has 4 bedrooms which includes the primary ensuite. Part of the property is enhanced with unique metal fencing. Walk around the side and stroll down to the barn. This is a good sized building which lends itself to many possibilities: horse barn, music or artist studio, workshop or guest house. It awaits your vision. The Whole House generator will give you peace of mind. Come and explore this unique property AND all the the awesome things to enjoy year round. Farmers markets, Festivals, Food, Hiking, Kayaking and so much more!
