Nestled on six sprawling acres that offer spectacular views of the majestic Catskill Mountains and awe-inspiring sunsets is this contemporary home. Completed in 2022, this three-bedroom, two-bathroom home invites you in with an open floorplan that seamlessly connects the kitchen, Living room, and dining areas. Custom Maple Walnut cabinets, Corian countertops, and stainless appliances adorn the kitchen, while a grand island serves as a centerpiece. The family room is in the west wing and offers views of rolling farmland and the magnificent mountains beyond. Tucked away in a spacious closet within this room, you'll find the home's mechanicals. Venturing down a hallway adjacent to the family room you will find the laundry room, the primary bedroom with an ensuite bathroom, and a generous walk-in closet, offering a haven for relaxation after a long day. On the opposite side of the open floorplan, the home unveils two additional bedrooms and a bathroom. This home has an efficient Geothermal system, radiant heating, and central air offering optimal comfort while minimizing environmental impact. A touch of modernity is added by the stunningly stained concrete flooring throughout. But the delight of this home extends beyond the interior, step out onto one of the two covered porches, ideal spots to unwind and enjoy the beautiful vistas. A fenced-in side and backyard is where you will discover a barn, a shed, and a pond to the rear of the property beckoning you to explore and reconnect with nature. Convenience is key, and this home offers it in abundance. Located near the village, parks, schools, and bustling farm market.
