Just wow! A perfect combination of location, New Paltz School District, quiet countryside, central air conditioning, propane heating, and 4 bedrooms and 2 full baths! There is even a small pond and a stream on the property. Privacy, sunlight for the herb garden, perennial flowers and a mature wooded area. In the spring you'll enjoy the flowering dogwood tree, magnolia tree and lilac bushes. There's even room to expand. The survey shows 2.55 acres! There is already a second driveway to the rear of the property for a workshop or perhaps big enough to subdivide and build another home; would also make a great short term rental (check with the town for verification). This is the perfect homestead. The home is move-in ready. Tastefully updated and meticulously cared for, classy window treatments and a 36" gas range with ventilation for those that like to cook and also a counter-depth stainless steel refrigerator in the kitchen which has its own exterior exit to the patio in the back of the home for the bbq grill. This is a home you don't want to miss!

Addendum: Central air conditioning and propane forced air furnace, all appx. 8 years old. 500 gallon in-ground propane tank
