Historic circa 1820's Farmhouse in an idyllic setting with gorgeous mountain views, a beaver pond and the luxury of total privacy and quiet. The farmhouse has been carefully restored for modern living while retaining the original woodwork, stunning wide-plank floors, elegant high ceilings and reconditioned plaster walls! Property crosses both sides of Charles Dent on 16+ rolling acres with panoramic 360 degree views. Large enough to bring the extended family (give them their entire wing) or could be used as a two family home. Front of house is circa 1820 and back of house which has its own kitchen, family area, 3 bedrooms, bath and separate entrance was completed circa 1850. Convenient to four ski resorts, golf, mountain bike trails, hiking kayaking and more. Exterior features a Sears & Roebuck 1-car garage and a 1920's concrete dairy barn (in good condition) with metal roof, milk house and silo. Acreage has beautiful views and is flat and usable. Would be well suited for a wedding venue, a bed and breakfast or simply the perfect place for relaxing and restoring with the family in all seasons. Rare find and a must see!
