\$189,000

Charming 1880's fixer upper in the heart of the Village. This two bedroom one and a half bath home will require extensive updates but is well worth the effort. First floor has light filled living room, spacious eat in kitchen, a nice office/den, powder room, and small mudroom that leads out into the fenced in back yard. Great space for gardening and entertaining.... steps to all Village amenities, restaurants, coffee shops, shopping, theater, beach, and parks...Close to NYS thruway, hiking, skiing, Kingston, and Woodstock.

Addendum: Please note entry is at one's own risk, use caution electric and all utilities are off. Bring a flashlight for basement. Property is being sold AS-IS. Pipes had burst in the basement, home is also in need of foundation work, electrical, plumbing, and HVAC repairs. As well as mold remediation, there looks to be black mold in the mudroom area, near the kitchen, though it has not been evaluated by a mold inspector for a remediation plan. Basement access is through the first-floor bedroom. Utilities will not be connected for inspection.
